EMPROVE 5-MINUTE SCHEDULED SCRIPTING

OVERVIEW

eMerge has developed a NetSuite extension that allows users to schedule scripts in intervals of 5 minutes instead of 15. Now users can schedule any scripts to run 300% more per day and be 300% closer to real- time!

KEY BENEFITS

- 300% Closer to Real-Time Data
- Boost any processes efficiency
- Increase control over critical processes

GET DATA
300% CLOSER
TO REAL-TIME!

5-Minute Scheduled Scripts

Schedules scripts to execute 3 times as fast as NetSuite native-ly allows.

Robust Documentation

We have simplified the set up process with easy to understand documentation and installation guides

Any Script

eMprove 5-Minute Scheduled Scripting can be set up to work with any scheduled scripts you currently use

100% Free

This extention is free for all NetSuite users and is available at **eMergeTech.com/Apps**
